NEW TRAINING REQUIREMENTS CCSIC TRAINING PROGRAM

NORCAT is pleased to introduce a new training program developed with and for the Central Canada SFI Implementation Committee (CCSIC). This program consists of eight standardized training modules that cover the SFI Awareness and BMP Awareness components of the Qualified Logging Professional training/awareness requirements.

The following topics are covered in this program: Sustainable Forest Management Certification; Qualified Logging Professional; Species-at Risk, Invasive Species, Forecst with Exceptional Conservation Value; Best Management Practices for: Harvest Operations, Access, Reforestation & Aesthetics, Dangerous Goods; and Legal Requirements.

The program is approximately 80 minutes in duration and is delivered in an eLearning format. The cost of the program is \$20 plus applicable taxes per person. Training can be completed at any NORCAT location (Thunder Bay/Timmins/Sudbury) or remotely from any computer workstation.

Upon successful completion of the program, a certificate can be printed out. This certificate will be accepted as proof of training by any CCSIC member company. Training records will be kept and maintained by NORCAT. Contractors can also access their personal training records by logging into their NORCAT account or via the NORCAT Safety Wallet app.

To schedule your training or for more information:

Call NORCAT: 705-521-8324 ext. 450

Or register online:

What is NTAS?

And, what can it do for me?

NTAS, NORCAT Training Administration System, allows every contractor company to fully control their own internal training records. This is not limited to NORCAT records, as companies can input training records from other (3rd party) training providers.*

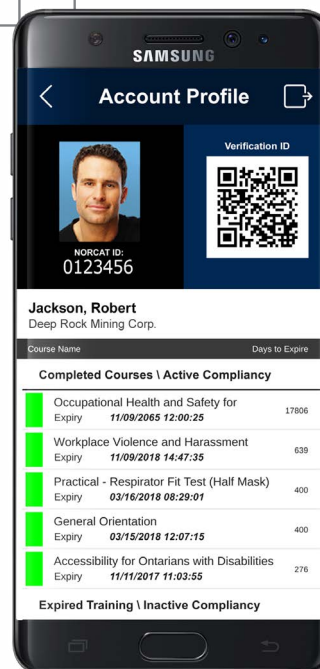

Employee Data Management

- Manage employee accounts
- Self-enrollment capabilities
- Training records
- Access and print report cards, course cards and certificates
- Integrate with myIBT (online training portal for employees)
- Integrate with Safety Wallet (mobile app for employees)
- Integrate with UES (gate access for any site)

Company Data Management

- Three tiers of organization (Distribution, Company and Departments)
- Customizable reports (employee, training and compliancy)
- Integrate company's internal training
- Custom compliancy matrix
- View previous billings/receipts

NTAS Integration - The *Safety Wallet App* (left) displaying user's training records. The *UES* uses barcode readers, proximity readers, internet lookup and/or NORCAT training validation kiosks to validate contractor's training records and allow gate access for any site.

* Some services and features will result in additional fees. Contact NORCAT for further details.

**For more NTAS information, call:
705-521-8324 ext. 450**
